## *Let CentraComm help you on your CMMC Journey*

CentraComm now holds the Cybersecurity Maturity Model Certification Accreditation Body (CMMC-AB) RPO designation. We are qualified to perform cybersecurity gap analysis and risk assessments for companies required to comply with DoD and CMMC cybersecurity mandates.

### **Why We Are Successful**

**We continue to expand every year due to the key differentiators we have in the marketplace:**

#### **WE ARE PARTNERS, NOT BOX-PUSHERS**

We grow long-lasting relationships with our customers by providing on-going value and forward thinking ideas. We do not lose clients, but if we do, they come back.

#### **WE UNDERSTAND RISK MITIGATION**

We are your trusted partner for your network security. We offer a variety of Risk Assessment and Risk Mitigation solutions; leveraging CMMC, NIST, CSC and other standards and best practices.

#### **WE PROVIDE AROUND THE CLOCK SUPPORT**

We provide 24x7x365 support. Our team of network security technicians are certified, experienced, and always accessible. Plus, as stakeholders in your company, they are empowered and motivated to not only do what it takes, but also do it right.

#### **WE PROVIDE AS MUCH OR AS LITTLE AS YOU WANT**

We offer fully managed solutions or co-management which provides your team a "backstop" and training partner.

#### **WE HAVE MASTERED LOGISTICS AND CUSTOMS**

We are the experts at logistics, both domestic and international. No matter the border or the customs regulations, we have shipped and implemented technology there.
